

Tonight the Elks will have the town. They will congregate here in great numbers from all parts of the county to make this a happy and a merry night. They will have their horns and will blow them.

Their parade will be in great numbers and will be full of funny antics. Their songs will do its own particular share, and the variety of comic elements will be full of humorous suggestion. The idea of a parade of this kind is new and nothing but fun will figure in it.

A tremendous crowd is expected, both in the streets and in the fair grounds. Everything so far has been a success, and still the interest grows.

The grand procession Saturday and Saturday night exceeded 20,000, and these 16,000 were paid admission. This was actually greater than expected, and was phenomenal in consideration of the fact that the evening was unusually cool for this season of the year. All the booths had a thriving appearance, and the brightly lighted fair grounds presented an attractive scene.

It is estimated that fully 11,000 people were on the grounds at one time. The fair is well patronized by some of the best families in the county, and the crowds were dissipated by the turning Saturday night. It was so done in places as to be nearly uncomfortable, but only for a humorous thing, and a complete readiness. When the grounds

pearance of rowdiness beyond the natural freedom of a large crowd out on a frolic.

Tonight a still larger crowd is expected, and the night the Elks are going to do their very best. Great crowds of visitors are expected from San Francisco, San Jose, Sacramento, Stockton, Vallejo and other places, and the fair grounds will be taxed to their full capacity to accommodate the merry-makers.

The grounds will be more brilliantly lighted than ever before, and the displays will be more attractive, because several features will be added. Workmen were busy all day yesterday and today, and many things are in complete readiness. When the grounds

were thrown open Saturday arrangements were not entirely completed and many things had to be done after the crowd dispersed. The Elks are going to do their best, and the lights in a few of the booths. But tonight everything will be complete and the illumination without a flaw. After the parade is over, the grandest social session in the Dewey Theatre. Voting contest will also be inaugurated, whereby to the care of two foundings will be voted to the Elks. The most popular Elk, most popular Elk.

A BURLESQUE PARADE.

The line of march for the parade tonight will be erratic. It is to be along Broadway and Washington streets to "any old place," and the crowd will have to take it as it comes, just as they will its features, which are mainly left to the imagination till seen. The proclamation of the King of the Carnival is as follows:

"By order of King Carnival, members of Oakland Lodge No. 171 and visiting Elks are hereby notified to assemble at Elks' Hall this 15th day of June, 1902, at seven by the clock. There await further orders of his Royal Highness, the King. This order is imperative.

By Order of his Royal Nibs, the King, J. J. CATER.

"Per A. P. Smiley, Grand Mogul."

The hour of smiling is fixed for 7 o'clock sharp. Among the features of the parade given out will be: Dancing Girls 26th Century Automobile, "Rube" Band, The Wedding Party, Uncle Josh and his Jesters, The Grand Elephant, Amnias and 250 other less important features. The leading feature will be Grand Marshal A. P. Smiley as the White Highlander, the Chief of Police, and the Police Band, and the Foxxy Granpa. The following lodges of Elks will also parade: San Jose Lodge, B. P. O. E., No. 322; Stockton Lodge, B. P. O. E., No. 213; Sacramento Lodge, B. P. O. E., No. 423; Vallejo Lodge, B. P. O. E., No. 423; Vallejo Lodge, B. P. O. E., No. 559; Santa Rosa Lodge, B. P. O. E., No. 446; Eureka Lodge, B. P. O. E., No. 299; San Francisco Lodge, B. P. O. E., No. 64; San Francisco Lodge, B. P. O. E., No. 3; Oakland Lodge, B. P. O. E., No. 171.

something we cannot say now.

UNIQUE VOTING CONTEST.

Tonight the Elks will inaugurate an unique voting contest. About a month ago two infants, apparent to be found on the steps of the Fabiola Hospital. There was nothing to indicate where they came from and no clue to their parentage. The Elks decided to adopt the two helpless things, so heartlessly abandoned to the cold charities of strangers, and have them reared in the Elks' Hall. The Elks have decided to hold an election to see who shall have the guardianship of their charges. The delicate task of taking personal supervision of the rearing and education of the two infants will be reposed in the most popular Elk, to be

opened this evening on Eleventh street, opposite the grand-stand. Don't fail to see the twin babies.

THE WHITE HIGHLANDERS.

There was a great crowd out to see the White Highlanders Saturday night. Senator E. K. Taylor of Alameda, clad in gorgeous silken robes, was the grand marshal of the parade. From a center impersonated the Downy Yellow pros, and signalled to her faithful hatchmen from an automobile. The parade was a success, and the Yellow River was borne in triumph by eighteen coolies from Alameda.

SAVED LIFE BY BLEW UP HIS JUMP IN CANAL HOUSE WITH DYNAMITE.
HOW FOREMAN MURPHY ESCAPED CRUSHING WEIGHT OF FALLING CRANE.
FREITVALL, June 14.—John Murphy, foreman of the steam shovel gang which is engaged excavating the bed of the tidal canal at this place, escaped being crushed to death this morning by jumping into the bed of the canal from the revolving platform on which he was directing the movements of the shovel.
The jumping was rendered necessary by the sudden and unexpected toppling of the crane of the shovel, which weighed several tons. In falling, the immense mass of wood and iron went in the direction of Murphy and part of it fell in a heap on the spot which he had vacated by jumping.
Murphy's leap landed him in a bed of rough gravel and caused the fracture of the bones of the right leg, a painful injury which will incapacitate the foreman for work for a number of weeks. The injured man was attended by Dr. Callen.
The fall of the crane is attributed to disintegration of the structure of the crane.

At first the girl, who is the affianced of Will Glover, insisted that the killing was accidental. She now claims that the Glovers threatened to kill her if she told the truth about the murder and the men are in jail.

THOUSANDS OF MEN HOLD OUT ON A STRIKE.

AFTER FIVE WEEKS NEITHER SIDE WEAKENS IN MINERS' BATTLE.

WILKESBARRE, June 14.—Today ends the fifth week of the anthracite coal miners' strike. Neither side has weakened. The entire region was quiet today and the territory affected by the strike presents a Sunday-like appearance, including those who are not on strike, but are affected by the suspension, there are approximately 160,000 men and boys idle.

men in fact it is perfect in every detail. Mr. Kemp's office is at 412 Eleventh street.

OSGOOD BROTHERS.

The booth of Osgood Brothers, the well known local druggists, compares favorably with any exhibit on the fair grounds, from an artistic standpoint as well as from a meritorious point of view. With the usual enterprise for which this popular firm is noted, they are ever ready to host the town in which they put their faith—their business and their homes. Both members of this favorite house have a business which extends to every part of Alameda county and one that they should feel justly proud of, for it shows the confidence in which they are held by the community. It is a pleasure to do business with such a popular and reliable place of business. Their trade has grown to immense proportions.

PIERCE HARDWARE COMPANY.

A concern that enjoys the confidence of the public and which stands as one of Oakland's most reliable and main business institutions is that of the Pierce Hardware Company of 1108 and 1110 Broadway. This popular house has the finest collection of the most complicated electrical work and a criterion of their ability in this line that fully demonstrates the facilities they have at hand is the complicated and splendidly constructed wiring in Washington street and Broadway, and also the cross streets. This gigantic effort was successfully completed to the satisfaction of the committee and the public.

LEAVITT & BILL.

Mr. W. A. Poole, the local representative for Leavitt & Bill of San Francisco, who is the sole agent in Oakland for the Cleveland, Tribune and Snell bicycles, with his customary progressiveness, was not to be outdone by any other exhibitor at the Fair, and as a result has one of the prettiest and best arranged booths at the grounds, and it attracts considerable attention from the vast throng that is passing the booth.

JOHN G. HERR.

If there is one man in town who is a rustler and an "all round" good fellow, that personage is the genial John G. Herr. This is the individual who built up the "sales of Cook's Springs Mineral Water" to such enormous proportions in this vicinity that it keeps the jovial John Herr busy to supply the patrons in Oakland and adjacent towns. Mr. Herr heard there was to be a fair, and he, with his customary enterprise, was one of the first to apply for space and as a result he has a very neatly arranged booth to dispense the mineral water, which has a reputation for curing rheumatism and other troubles.

H. D. CUSHING.

H. D. Cushing, the pioneer grocer, who enjoys a trade from those people who desire groceries of merit has a neatly and artistically arranged booth with an appropriate exhibit of his fine fancy goods. Mr. Cushing has always borne the reputation of being one of the progressive kind of people, ever ready to promote the interests of this city, in which he has resided since his youth. In Oakland welfare he takes a pride which is characteristic of the gentleman to promote any enterprise that may be favorable for the welfare of this city.

H. L. KEMP.

A booth that is attracting considerable attention is that of Mr. H. L. Kemp, who has an appropriately fitted up place to display his patent "Ope-An-Clean" window attachments. It is something that should be seen and is appreciated and one that should be used in every modern building and dwelling residence in Alameda county. It is something that is not to be seen in any window where the glass can be cleaned on both sides from the inside of the room. It is a simple device designed to be attached to any window hung on cords or chains. When the window is closed or slid up or down the attachment is concealed. Mr. Kemp is also exhibiting the Pasteur Germ Proof Water Filter, to be used for the home, office and factory, every place where good health is desired. It is a chamber filter, a cooler and automatic in its mechanism.

THE STRIKE SITUATION. THE POPULAR TREND.

The great strike in the anthracite coal regions is still unsettled, notwithstanding the rosy promises that were held out a few days ago. Its effect on the business of people who have no direct interest in the coal mines nor any part in the dispute is so baneful, that there is a renewal of suggestions as to the best means of preventing such disastrous conflicts between labor and capital.

Practically all the suggestions may be summed up in the word arbitration. Dismissing details, only two kinds of arbitration are suggested—voluntary and compulsory.

The former is important and the latter a misnomer, or rather meaningless. Voluntary arbitration is where two parties to a dispute mutually agree upon a method of settlement by which both will abide. It is open to the miners and mine owners of Pennsylvania. That remedy was exhausted when the strike began. The strike was an evidence that voluntary arbitration had failed. There is nothing to hinder the disputants coming together now and agreeing. That they do not shows that voluntary arbitration is a failure in important crises.

The people who talk about it do not seem to understand, however, that it has failed and that industrial war has broken out—was determined and relentless as if the contending forces were marshaled before each other in battle array.

Compulsory arbitration is scarcely advisable in this case because it cannot be applied. It is a term with little meaning, for it implies that a voluntary act can be compelled by statute. It is used to disguise the real nature of the remedy suggested, which is nothing more nor less than the State shall step in and decide, willy-nilly, disputes between employers and employees regarding rates of wages and hours of labor. This is a long step in the direction of socialism.

An ordinary trial by jury might as well be called "arbitration." The term, "compulsory" implies compulsion, and the word arbitration is used to denote a judgment that has all the sanctity and binding force of a decree of court. Being by authority and direction of law the proceeding must be judicial in character and strictly within the lines laid down in the statute.

This is not arbitration in any sense. It is an adjudication. The tribunal would, in essence, be a court and the so-called arbitration, in effect, a suit at law. It would therefore be appealable, and subject to the technical attacks that are made on other courts and their decrees.

In the case of the coal miners, mediation seems to be the only possible way of bringing about an amicable adjustment short of a fight to a finish. Outside influences induced with none of the hatreds and prejudices of other party, yet possessing the confidence of both may step in and by diplomatic tact and persuasion bring about mutual concessions and a basis of compromise. Undoubtedly that was the idea of President Roosevelt in selecting Colonel Carroll D. Wright to investigate the labor situation in the colliery districts. The committee of which Bishop Potter, Senator Hanna and Insular Straus are members failed in a previous attempt to mediate. Although they had the assistance of many potent influences including the Catholic clergy, they could not bring about voluntary arbitration. But as the struggle proceeds, it is evident that society either in its organized form known as the State or by the exercise of an aggressive moral force must compel an adjustment. Industrial wars of this character are not to be tolerated because they entail widespread calamitous consequences which society must guard against and prevent if possible.

It is not a mere question of the mine owners starving their miners into submission. In this case a syndicate or rather a group of syndicates, as the mines, control the situation and dominate the coal market in the western states. This syndicate assumes to be the price of production, the cost of carriage and the selling price of the product. Its hand is as heavy on the consumer as it is on the producer. It has destroyed competition, and has become an entity that society must deal with or give it complete domination. An irresponsible financial oligarchy of this kind would produce the worst misgovernment and the most miserable tyranny known to man.

Good Words, a London publication, recently offered prizes for the three best Coronation odes. Out of 1,017 poems, sent from all parts of the world, only one came from the United States. Perhaps it was the subject rather than lack of talent that deterred American competition. Any American that would win a prize in a competition of that character would reap a large harvest of ridicule from his countrymen.

The Mystic Shrine men who got offended because a saloon keeper ordered them to take off their fezzes while taking refreshments in his place should remember that pilgrims to the Shrine of Mecca are prohibited from partaking of wine or alcohol in any form. They would not have got into trouble over their headgear if they had not violated the law of the Prophet, Allah be praised!

Miss Bishop was the honored guest of President Dole's wife at a ball and reception and is invited to any number of other entertainments.

She will leave for home about July 27, accompanied by her father, Edgar Bishop.

Miss Frances Dora Jackson and Edward Olney were married at 2:30 Saturday. The wedding was solemnized in the new and picturesque church of St. Mark, Berkeley. One of the unusually interesting features of the ceremony was the singing of the bridal chorus from "Lohengrin" by a vested choir composed of twenty members from the Orpheus Club, of which Mr. Olney is a member. The bride was attended by her sister, Miss May Noelle Jackson, the maid of honor, and another sister, Miss Edith Maude Jackson, and Miss Eleanor Dayton Olney were the bridesmaids. The bride wore a gown of white tulle and large picture hats trimmed with white chiffon and full roses, and carried bouquets of ferns. After the ceremony a reception was held at the home of the bride's parents, Mr. and Mrs. Charles Watson Jackson, on Durant avenue, which was attended by their guests.

The garden party held at the home of Mrs. Laura Albrecht last Saturday afternoon proved to be one of the most delightful affairs of the kind given in this season. It was given for the benefit of the King's Daughters' Home for incurables in Oakland and the Presbyterian Chinese Home in San Francisco.

Color was lent to the scene by great quantities of flowers and umbrellas arranged in a picturesque fashion throughout the grounds. Under a particularly gorgeous umbrella Mrs. A. J. Irvine and Miss Laura McKnight sold baskets of cherries.

During the afternoon an unusually interesting program was rendered. The Chinese children from the Rescue Home in San Francisco contributed greatly to the success. Miss Alice Gates of San Francisco was also present, and charmed the audience with selections from "Harris and Champagne," Professor Chas. F. Graber and his mandolin and guitar club sang several pleasing selections.

Dr. Maude Noble rendered two delightful trombone solos.

CHERRIES RICH NEAR HAYWARDS

THE CROP PROMISES TO BE THE MOST VALUABLE IN YEARS.

HAYWARDS, June 15.—The present cherry season promises to be one of the most prosperous of many years, and the local cannery will dispose of the largest number of tons of that fruit of any campaign in the entire district. The ready hand of the cannery is now busy, and there is employed at the cannery 300 people and more are coming in all the time; in fact, the principal difficulty of the season is to secure enough help. The ranchers especially are experiencing that difficulty more than the cannery, the people preferring to work in the cannery than in the orchards. The increase of wages seems not to have had the effect of drawing more people here, for never in twenty years have the growers and cannery men experienced so much trouble in securing employees.

In the harvest field the difficulty of securing men has been more difficult than ever before and the work of cutting and stacking has been delayed on many ranches for weeks owing to lack of men to perform the work. This condition is greatly wondered at by the ranchers, who have been completely puzzled to find out the cause of the difficulty. In the past seasons several hundred willing people.

BALL TEAM DISBANDED.

Owing to the lack of public interest in the local sports Manager Zambresky of the P. & H. ball team has been compelled to disband the team. For the past few games Zambresky states that the people have turned out in such few numbers that the games have proven a total financial loss to the home team. At the last game the P. & H.'s lost more than \$10, and at that rate they would soon have been without a cent having to pay the expenses of the team. For some time the citizens appeared to take an interest in local sports and the games were supported in fitting manner, but the last few games have proven a complete failure. The team has succeeded in establishing a record for its last playing by losing every game, but the loss of this season, and with many regrets that Manager Zambresky closed the P. & H. season. It is possible that he may again conduct the work providing proper support is promised. The proposition of forming a minor league in this district is also being discussed and already the members of the various teams have been communicated with in regard to forming such a league.

IN MEMORY OF DEAD.

Cypress Camp No. 141, Woodmen of the World, recently held elaborate ceremonies at the surrounding cemetery in paying tribute to departed members. Monuments over the graves of several members were unveiled with the usual rites of the order. They also decorated all the graves of departed members as follows: Carroll Collins, Farwell, Peterson, Farrell, Proctor, O'Neill and Owen, Cypress Camp; Parsons, Center, Fergusen, Seattle, and Moore of San Ramon.

GRADUATES PICNIC.

The under classes of the local High School gave a picnic last week in honor of the graduates of the school. A delightful day driving through some of the most beautiful places about Haywards.

A WOMAN TRUSTEE.

Mrs. Laura Williams has been elected school trustee in the Valle Vista District. Mrs. Williams takes the place of H. L. Pedderson, who has declined to be on the board for the past six years and declined to enter on another term. Mrs. Williams' appointment has been well received by the entire district, as she is every way capable of occupying the position.

SOLD FAST HORSE.

A. Haas, the well-known jeweler, sold his fast horse Saturday (C. K. Harvey of San Francisco for \$500. The animal, one of the best in this district, has a record of a quarter in thirty-two seconds, but owing to weak legs was not able to keep the clip for a mile.

HAYWARDS DELEGATES.

Mrs. C. B. Caten and Miss Sophie Christensen represented the Companions of the Forest of this place at the grand circle held recently in San Francisco.

LIVERMORE SCHOOL NEWS NOTES

MISS DOTY'S FRIENDS WANT HER RE-INSTATED—HIGH SCHOOL ALUMNI.

LIVERMORE, Cal., June 16.—At a meeting of the School Trustees Saturday afternoon, it was decided to appoint D. E. Martin of Santa Rosa principal to fill the vacancy left by the discharge of H. C. Petray. Mr. Martin has been teaching in Santa Rosa for some time and possesses the esteem and good will of all those who came in contact with him. The young men of Livermore must now look to their laurels for Mr. Martin is an unmarried man, of rather handsome appearance and in every way gifted with those virtues which please the fair sex. As the Grammar School of Livermore may well be proud of possessing so pretty a bevy of lady teachers, it may be found anywhere, and as the strapping Livermore chaps have had everything pretty well their way, there is every reason to believe that the arrival of Mr. Martin will be a signal for someone to go way back and sit down.

Speaking of the Grammar School, reminds me that while this appointment of a new principal puts an end to the heretofore disagreement in the school every day, it is a pity that the governing body of the school is not a little more united. A great many of the voters are at present signing a petition to the School Trustees to reinstate Miss Jessie Doty, who was one of the political victims of the school. Miss Doty possesses a great many sympathizers and friends here, not alone by reason of her efficiency as a teacher, but because of her personal charms as a young lady of superior intellectual and social advantages. There is general regret over the fact that she lost her position.

The other half of the Grammar School Trustees can not very well be blamed for their action as they acted according to the old political watchword, "Victory belongs to the spoils." It appears that Miss Doty's father circulated petitions against one of the victors, and this prejudiced the voters against him while the relatives of the young lady appointed in Miss Doty's stead, everything in his power to aid the election of the Trustees. Inasmuch as gratitude is still felt by some of the residents and Trustees for their action as they acted according to the old political watchword, "Victory belongs to the spoils," it appears that Miss Doty's father circulated petitions against one of the victors, and this prejudiced the voters against him while the relatives of the young lady appointed in Miss Doty's stead, everything in his power to aid the election of the Trustees. FALLS DEAD ON A WAGON. LIFE IS SAVED BY BRAVE ACT

SUDDEN ENDING OF THE LIFE OF CLAUD MILLER OF PLEASANTON.

Claud Miller was instantly killed near Dublin this morning by falling from a beer-wagon on which he had been riding.

Charles Hoyer of Hayward attended by J. Johansen, started for Dublin about 4:30 o'clock this morning. Miller climbed upon the rear of the wagon. When about a mile and a half from their destination Miller fell off the wagon, and when he was picked up a few minutes later life was already extinct.

The remains have been brought to the morgue in this city.

Miller was a farm hand residing in Pleasanton.

HAYWARDS ELECTS PETRAY.

HAYWARDS, June 16.—At a special meeting Saturday of the School Trustees H. S. Petray, late principal of the Livermore School, was elected principal of the Grammar School, to succeed W. H. Greenwald, who resigned to accept the principalship of the Grant School, Oakland.

The election of Petray gives Hayward two members in the County Board of Education, as Dr. Gamble, principal of the High School, is also a member of that body.

PROMPT ACTION OF BYSTANDER RESCUES BOY FROM DROWNING.

Ernest Court, a school boy residing at 361 Fifth street, was saved from drowning in the estuary yesterday by the bravery and prompt action of W. Shilling.

Young Court was sitting on the outer edge of Broadway Wharf when he was suddenly attacked by a fit and fell into the water. In falling the boy struck his head on some object and was rendered unconscious.

Some companions, who were with Court, called for help as soon as the boy fell into the water. Shilling, who was a short distance away, responded, and seeing the boy's danger quickly threw off his coat and plunged into the water. He grabbed the drowning boy as he was about to sink for the third time and, with the assistance of bystanders who had arrived, succeeded in pulling the boy upon the wharf.

Shilling then called for the patrol wagon and notified the receiving hospital that a partly drowned patient was soon to arrive. Everything was in readiness when the patient was brought to the hospital and after about a half hour's work Stewart Borchert succeeded in resuscitating the boy. Later he was taken to his home. The rescuer went to his home to change his wet clothes.

WHARF COLLAPSES DURING LAUNCHING.

During the launching of a new steam-yacht at Alviso Saturday afternoon the wharf on which there were about 200 spectators collapsed, precipitating several people into the water. As the tide was low there was little danger of drowning. A few persons were injured, among them Mrs. Harris and Mr. Bates of San Jose. The collapse came just as Dr. J. T. Truman raised a bottle of wine to break it on the stern of the boat to christen it.

The First M. E. Church of this city intends soon to employ a paid superintendent for the Sunday school. The plan was first broached by the presiding elder, Dr. E. R. Dille, at the third quarterly conference held on Friday last.

Rev. H. A. Luckenbach addressed the congregation of the First Baptist Church yesterday morning upon "The Danger of the Open Saloon." In the evening Dr. E. R. Dille, of San Francisco, the rapid sketch temperance artist, was in charge of the services. On Wednesday next the pastor of the church, the Rev. Dr. H. J. Vossburgh, is expected to return from the National Baptist Convention, at which he has been a delegate. On that evening he will talk upon "Religious Observances and Glimpses of the National Anniversary."

SAY SPIRITUALISM IS A RELIGION.

At a mass meeting of the spiritualists of Oakland and vicinity yesterday afternoon in Woodmen Hall resolutions were adopted protesting against the recent city ordinance, which imposes a tax upon spiritual mediums and healers.

The resolutions protest against the ordinance not only because of its alleged unconstitutionality, but because it relegates spiritualism and its votaries "to the mercenary plane of peddlers, pawn-brokers and traffickers, who make no claim of religious or spiritual work." They further vindicate the right of spiritualism to be called a religion "founded as it is by proofs given by devout friends through resolutions were drawn up by a committee composed of W. T. Jones, W. England, C. P. Van Luyk, Mr. L. E. Drake and Joseph Stewart.

The same committee was appointed to present the resolutions at the next meeting of the City Council.

TUNNEL ROAD NOW A FACT.

THE NEXT STEP WILL BE TO LET THE CONTRACT FOR WORK.

This morning the Board of Supervisors declared by resolution the tunnel road to Contra Costa county a public highway.

The report of J. F. W. Shost, Wilbur Walker, president and secretary of the Merchants' Exchange respectively, and County Surveyor Prather, stating that all obstacles to the completion of the road had been removed, was read.

Supervisor Rowe then moved that the deeds to the various pieces of property be accepted and that the road be declared open to the public. The motion was seconded by Church and was unanimously carried.

The next step in opening the road will be the letting of the contract by the Supervisors for the completion of the tunnel at a cost approximately of \$25,000.

The entire road, it is estimated, will cost about \$43,000 to complete.

HIGH MASS BY NEW PASTOR.

FATHER FLEMMING MAKES HIS INITIAL APPEARANCE AT ST. FRANCIS.

Rev. Father William Flemming celebrated his first mass yesterday at St. Francis de Sales Church. The attendance at the ceremony was impressive. The altars were decorated with palms, evergreens and pink flowers.

Rev. Father Joseph Byrne of Novato, Marin County, formerly assistant pastor of St. Francis de Sales, preached a sermon on "Priesthood." He outlined the history of priesthood from the early Jewish times to the present time, dwelling upon the great good that was being done. The work of Father Flemming was referred to in laudatory terms.

After mass individual blessing was extended by Father Flemming to all present. Holy communion was given by the newly-ordained pastor to his father, mother, two brothers and three sisters.

Those sitting in the sanctuary were Father Riordan of Berkeley, Father Collins of St. Ignatius College, Father Luning of San Francisco, Father Brockhage of Menlo Park, Father Cronwell of St. Mary's College, Father McNally Jr. of St. Francis's parish, Mr. Harrington of St. Paul Seminary, St. Paul.

INSANITY AND NOT MURDER.

DEVINE WILL NOT BE TRIED FOR THE KILLING OF O'CONNOR.

Thomas Devine, the aged slayer of John J. O'Connor, will be tried for insanity instead of on the charge of murder that is standing against him. This decision was reached this morning at a conference held between District Attorney George Samuels, Attorney M. C. Chapman and Judge Melvin.

At the conclusion of the conference case was continued and the matter was formally taken up. Samuels announced that the sanity of the defendant had been brought into serious question by the reports of a number of physicians who had examined him. Most of the physicians were of the opinion that Devine has been mentally unbalanced for many years. In view of these circumstances, Samuels said, the prosecution was willing to have the defendant examined as to his sanity by a jury drawn for that purpose.

Judge Melvin stated that a question had been raised in the mind of the court as to the defendant's mental condition and he thought it advisable to have the matter determined by a jury.

By consent the case was then set for trial on the insanity charge for June 26. The charge of murder was dropped pending the trial for insanity.

Devine did not appear affected by the turn taken in his case. He sat in court calmly during the proceedings and his face expressed no emotion when it was decided to try him for insanity. When asked how he felt about the matter, he replied: "My case is in the hands of my attorneys. They may take whatever action they see fit. I have no interest in the outcome of the matter. My conscience is clear and I am ready to receive whatever penalty is imposed upon me."

Devine, according to his own statements, killed O'Connor because he had been wronged by the latter about sixteen years ago. He blackened his face with burned cork and lay in wait for O'Connor at the Southern Pacific pumping plant at Shell Mound, where the latter was employed. He shot O'Connor in the back as he was walking toward a building and shot him again when he attempted to arise. Devine then remarked to a bystander that he had killed O'Connor nearly ten years to kill O'Connor. He offered no resistance to arrest.

COOL FOOD.
For Hot Days.

Better health comes with less meat and fat during the warm weather. By proper and pleasant diet you can prepare the body for summer and feel from ten to twenty degrees cooler than your neighbor.

Grape-Nuts and cream, a little fruit and possibly a couple of soft boiled eggs, is sufficient for the breakfast. An ordinary portion of Grape-Nuts contains sufficient nourishment to fully sustain the body until the noonday meal; being a predigested food, it leaves no indigestible matter in the stomach and the time necessary to prepare ordinary food and its crisp dainties is pleasing to the palate of young and old.

Many delicious recipes are found in each Grape-Nuts package, so that the form of eating this wholesome food can be changed to suit the user.

These suggestions, if followed for ten days, will convince the most skeptical that a cool body, an active brain and an energy hitherto unknown will prevail and the general lassitude peculiar to warm weather will disappear.

WRECK NEAR PLEASANTON

CARS JUMP THE TRACK AND DISARRANGE THE TIME SCHEDULE.

PLEASANTON, June 16.—Considerable confusion has been occasioned by the daily running trains, owing to the wreck that occurred here, Saturday evening, about 5 o'clock. An empty gravel train was returning to its destination when, just below the depot, the engine and two cars jumped the track, causing a wreck which tore up the track for some distance. Sixteen men were put to work immediately repairing the track. They worked all night and all day yesterday before finishing the job.

There will be a band concert in the new band stand, adjoining the pavilion, Wednesday night.

The baseball game played between the "Buffaloes," the Pleasanton boys, and the "Imps," San Francisco boys, was an exciting one. The Pleasanton boys won, 4 to 1. Charles Niner spent Monday in the bay cities.

The Woodmen of the World held their memorial services here Sunday afternoon. They marched to the cemetery, where they decorated the graves of their deceased brothers. Music was rendered by the Presbyterian choir.

Cherries are ripening very fast and are very plentiful this year.

Mr. Downing of Palo Alto is the guest of Mr. and Mrs. Downing.

Henry Harris of San Jose paid Pleasanton a visit Sunday.
